**EXECUTIVE SUMMARY**

FINAL

Conditional Major, Construction Operating  
Permit: F-07-015  
Duro Designer Company, Inc.  
Richwood, KY 41094

May 29, 2007

Mark Labhart, Reviewer

SOURCE ID:	21-015-00086
SOURCE A.I. #:	175
ACTIVITY ID:	APE20040001

**SOURCE DESCRIPTION:**

The source manufactures and prints bags from paper and plastic for a variety of customers including retailers, restaurants, and consumers. Currently there are (35) flexographic presses and (2) rotogravure presses utilizing low VOC and low HAP content inks. Potential HAP emissions are less than major source thresholds, but the source wide PTE for VOC is greater than the major source threshold. Actual emissions have historically been lower than the source-wide PTE, therefore Duro has requested a Conditional Major limitation on VOC of 60 tons per year. The source is adding (4) four additional presses with this permit action.

**PUBLIC, EPA, AND AFFECTED STATE REVIEW:**

On April 19, 2007, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *The Boone County Recorder* in Florence, Kentucky. In addition, notification of the issuance of the draft permit was sent to the U.S. EPA and affected states, Ohio and Indiana on April 11, 2007 via e-mail. The public comment period expired 30 days from the date of publication. No comments were received during this period. The permit is now being issued final.
